Professional Summary

Python & Django Developer experienced in building scalable web applications using Django and Django REST Framework (DRF). Skilled in RESTful API development, CRUD operations, authentication, and backend architecture. Proficient in HTML5, CSS3, Bootstrap, JavaScript and responsive web design, with strong knowledge of Django ORM and PostgreSQL/MySQL for high-performance applications.

Professional Experience

Python Full Stack Developer Intern

08/2025 – 03/2026

Febno Technologies

Malappuram

- Developed and maintained full-stack web applications using Python, Django, and React.
- Designed and implemented RESTful APIs for secure communication between frontend and backend systems.
- Built and managed database models using Django ORM and optimized SQL queries for better performance.
- Implemented user authentication, form validation, and CRUD operations in web applications.
- Debugged and resolved software issues to improve application performance and stability.

Projects

Property Management & Rent Collection Portal

- Developed a full-stack property management and rent collection platform using React, Django REST Framework, and PostgreSQL.
- Implemented landlord and tenant management, rent tracking, lease handling, and role-based authentication with secure REST APIs.
- Designed a responsive dashboard interface for managing properties, tenants, payment records, and rental activities.

Job Portal Application

- Developed a full-stack job portal platform using Django, Django REST Framework, and PostgreSQL.
- Implemented user authentication, job listings, application tracking, and admin dashboard functionalities.
- Designed REST APIs and integrated a responsive frontend interface for seamless user interaction.

User Authentication System with Google OAuth

- Integrated secure Google OAuth authentication using Strapi and JWT-based authentication.
- Implemented protected API access and connected frontend login flow with backend authentication services.
- Improved user onboarding experience through seamless social login integration.

Education

Python Django Full Stack Development

08/2025 – 04/2026

Technodot Academy Of R&D&I

Kozhikode

Bachelor of Commerce (B.Com)

2022 – 2025

University of Calicut

Malappuram

Technical Skills

Programming Languages

Python, JavaScript, TypeScript, C

Backend Development

Django, Django REST Framework (DRF), RESTful APIs, ORM, API Integration, strapi

Tools & Technologies

Git, GitHub, GitLab, Razorpay API, Version Control

Frontend Development

React, HTML5, CSS3, Bootstrap, Tailwind Css, Responsive Web Design

Databases

PostgreSQL, MySQL, SQLite

Core Concepts

Object-Oriented Programming (OOP), CRUD Operations, API Development, Authentication & Authorization, Debugging

Soft Skills

Problem Solving • Logical Thinking • Analytical Skills • Team Collaboration • Time Management
